

HOW TO GET YOUR FILE READY TO PRINT

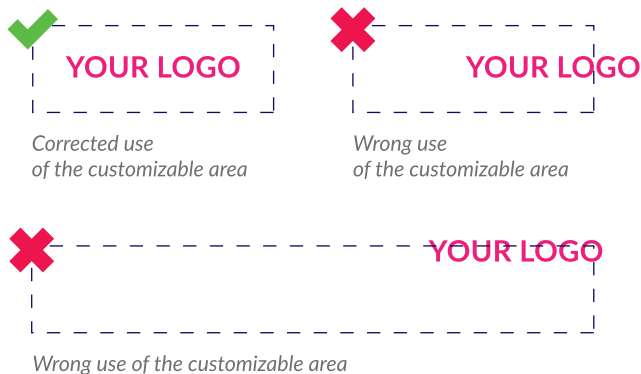

DIE-CUT TEMPLATE

- The die-cut template must remain unchanged
- Do not move or delete any line
- Please follow the die-cut template color legend:

CUSTOMIZABLE AREA

- Do not move or modify the customizable area
- Place your graphic within the selected area

LAYERS

- The die-cut template and the artwork must be placed on two different layers
- Please delete all the layers that you don't want to be printed

IMPORTANT

- All of our boxes are customizable with the dimensions you find on our website and can be made as magnetic boxes, sleeves, three-piece boxes, or lid and base boxes.
- Our boxes are assembled by skilled artisans, ensuring that every piece is a one-of-a-kind creation. The imperfections you may notice are a hallmark of our handcrafted process.
- If you need help with the internal shape, get in touch with our experts to guide you through the customization process, send an email to:

help@scatole.com

LINES

- The positive lines must be minimum 0,5 pt
- The negative lines must be minimum 1 pt

TEXTS

- Font size at least 8 pt
- We advice to outline your text.

RESOLUTION

- Image should have a min 300, max 600 dpi resolution

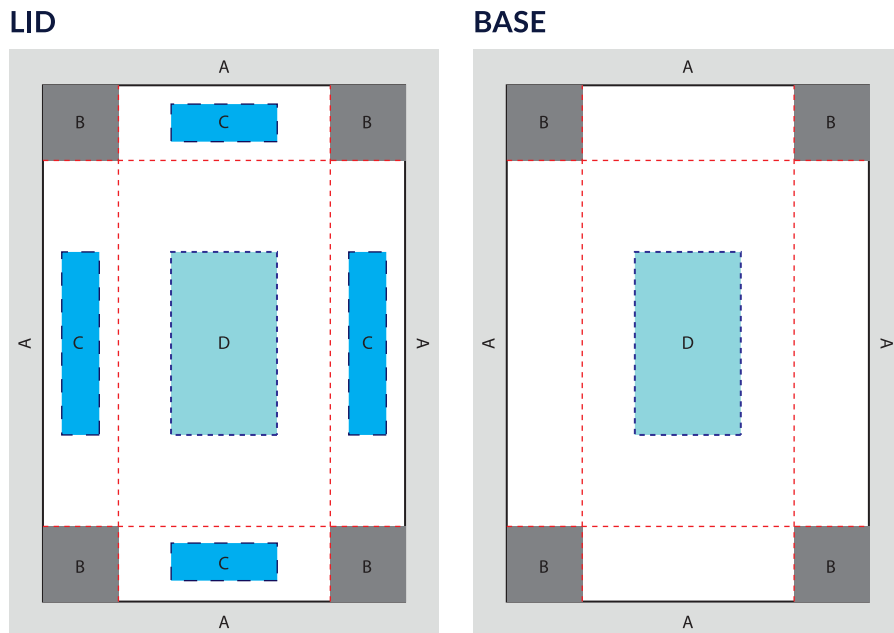

COLOURS

- Please use only the colours available on the product page
- Do not use graphic effects such as gradients, shadows, transparencies, etc.
- Tone value of 100% - do not use screens or halftones

FILE SAVING

- Please keep the downloaded die-cut template without making any changes
- Save your file in CMYK mode
- Save the file as Adobe® PDF preset "high quality"

HOW TO USE THE DIE-CUT TEMPLATE

-  A. Not visible area once assembled
-  B. Not visible flap once assembled
-  C. Place your logo here.*
*Only one of these area can be customized.
-  D. Place your logo here

ARTWORK

The dimension of the print area can't be modified or moved.

You can only place the artwork within the predefined area (C) (D).
